Apply what you learn in class, share your extracurricular interests, and expand your social network beyond your course through these programs!

VIRTUAL ACTIVITIES

With the support of the online format, HUWISU introduces new cultural and social activities. The cultural activities will be both synchronous and asynchronous.

Our scheduled live meetings might include games, cooking/baking together, or a trivia night. You still have the unique opportunity to build community across time zones and meet your fellow international students through synchronous programming. More information about the specifics is TBA.

Learn and read about Berlin history or German culture in between classes! No matter your field of study or interests, Berlin has artistic, political, and cultural significance. Take a look at the eBook "Perspectives on Berlin". It will include an extensive collection of digital resources about Berlin. Although you may be oceans away from Germany, connecting ourselves to Humboldt-Universität's culturally and historically rich location is still incredibly valuable.

COURSE DESCRIPTION

For almost 30 years, the Berlin Wall was a symbol of the division of the city of Berlin, of Germany and of Europe during the era of the Cold War between the two superpowers, the United States of America and the Soviet Union. Consequently, the fall of the Wall in 1989 was a hugely symbolic turning point in world history.

But how can we explain the building of such a dividing monument? How can we account for its fall in 1989? And how does the Wall influence our lives today?

The course will provide answers to such questions via readings of texts from political science, sociology and history, in order to further investigate the ground on which the events between 1961 and 1989 took place.

COURSE OBJECTIVES AND LEARNING OUTCOMES

The aim of this online course is to introduce participants to the multi-faceted history of the Berlin Wall. After a brief introduction to the historical and ideological backgrounds of the Cold War this course will turn to a detailed analysis of the event history of the Berlin Wall: from the end of World War II via the formation of two blocs until the building of the Berlin Wall, from the building of the Wall via its fall in 1989 until today. To complete the picture of the history of the German/Berlin division and the Cold War, we will focus on the social, economic, and (popular) cultural history of the two German states and Germany since reunification.

READINGS

Reading materials will be available via Moodle during the course.

ASSIGNMENT INFO

In order to be granted 5 ECTS, participants will be asked to actively attend all sessions (you may not miss more than one synchronous session), and to hand in weekly assignments as well as an academic paper (5 pages) on the topic. Submission deadline: last course day.

The final grade will be composed of weekly assignments and active participation in class (50%) and the final academic paper (50%).
