CULTURAL ACTIVITIES

Learning extends beyond your virtual course! As a participant in HUWISU, you are invited to join cultural, social, and academic programs. Cultural activities are designed to help students meet fellow international students, learn more about Berlin, and practice German language abilities. Apply what you learn in class, share your extracurricular interests, and expand your social network beyond your course through these programs!

VIRTUAL ACTIVITIES

With the support of the online format, HUWISU introduces new cultural and social activities. The cultural activities will be both synchronous and asynchronous.

Our scheduled live meetings might include games, cooking/baking together, or a trivia night. You still have the unique opportunity to build community across time zones and meet your fellow international students through synchronous programming. More information about the specifics is TBA.

Learn and read about Berlin history or German culture in between classes! No matter your field of study or interests, Berlin has artistic, political, and cultural significance. Take a look at the eBook "Perspectives on Berlin". It will include an extensive collection of digital resources about Berlin. Although you may be oceans away from Germany, connecting ourselves to Humboldt-Universität's culturally and historically rich location is still incredibly valuable.

EXPECTATIONS & POLICIES

Preparation for lively discussions in the virtual classroom: be on time, have at least the required readings completed, and points in mind for discussion or clarification.

Assignments: complete all assignments according to the specified requirements on the schedule including handing them over to the lecturer.

Commitment in online-class: pay particular attention to the lecturer and respect differences of opinions (classmates', lecturers).

Academic guidelines: Comply with academic integrity policies (such as no plagiarism or cheating, nothing unethical) especially the academic honor code and the student code of conduct.

Attendance policy: No unexcused absences are permitted. Students must contact their class teachers to catch up on missed work – to excuse absence please contact the HUWISU office.

COURSE DESCRIPTION

Multinational companies like Google or Apple self-evidently act on a global stage. But even small businesses participate in international trade today. The integration of national economies and the elimination of barriers of trade no longer allow a solely national view on this development. With the growing importance of international commerce, the need for an „International Economic Law“ arises. Numerous regulations and agreements concern international trade and investment, but the legal framework of international economy remains indefinite.

In this course common principles of International Economic Law will be examined by analysing leading decisions by international courts. Therefore a substantial part of the course will be dedicated to the discussion of cases and reading materials.

COURSE OBJECTIVES AND LEARNING OUTCOMES

The course objective is to provide students with both a theoretical and practical understanding of the core branches of international economic law, including their underpinning institutional frameworks, as well as a critical understanding of the contemporary challenges facing this dynamic field.

READINGS

Reading materials will be available via Moodle during the course.

ASSIGNMENT INFO

In order to be granted 5 ECTS, participants will be asked to actively attend all sessions (you may not miss more than one synchronous session), and to hand in weekly assignments as well as an academic paper (5 pages) on the topic. Submission deadline: last course day.

The final grade will be composed of weekly assignments and active participation in class (50%) and the final academic paper (50%).
